

TAMARACK Preserve Ltd.

Upland Hunting • Angling • Sporting Clays

Flight Path

The Summer is sliding by one thunderstorm at a time. Rain falls, trees fall, and fall is fast approaching. The cover crops hold promise for a great hunting season.

Enclosed with this mailing is a schedule for September & October. This will also be posted on the website for your perusal. In addition weekly email blasts are sent. If you are not receiving the emails, please contact us. We will be offering a fall tune up for dog work with Ted McCue officiating. Make sure to check this event out.

The clays course has a number of new challenging presentations and we hope to schedule some fun clay busting events this fall. The Flurries will continue every Sunday 10:00am-12:00pm until September 9th at the Hogsback.

This is the time of the year to contact the club to host your private shoot or corporate event to ensure the date you desire is available. We are hoping to have a final event of the season at the fishing lodge so stay tuned.

Please welcome our newest members
